## Class Prep – Holidays Homework 2021 onwards

Dear Parents,

We hope your summer holidays are lovely and you will enjoy them with your family. Some requests to make of you:

- Assign a workplace and a work time as this brings in a system and discipline.
- Free play time should alternate with structured games this cultivates sportsmanship.
- Reading out from colorfully illustrated storybooks will develop their language skills.
- **Inculcate good manners, healthy habits and respect for elders.**
- Scribbling, coloring and sand play are the best activities to develop the muscles.
- Arrange for trips and help them observe the environment and our country.

As holiday's homework for your child, below are the guidelines for their assignments. Please complete the worksheets provided.

**English:** Revise the dictation words, word sentences and singular/ plurals and write them twice on a new notebook. Do reading out loud of the passages and improve pronunciation by reading story books. Complete written exercises.

**Mathematics:** Memorise the times table, recall simple counting till 100 and practice dodging, missing numbers, addition and backwards counting.

**Deen-e-Malumat:** Complete.

**General Knowledge:** Covering the topics The Sense, Our World, How Plants Grow, Animal Homes and the Environment.

**Urdu:**

**Special Project:** A model of the solar system including the planets and the sun. The planets should be in the order of distance from the sun and in their respective colors. You may use Styrofoam, Plaster of Paris and Plastic Toys. The best model will receive a special prize.

**Preparing Tomorrow's leaders**
